China Vision: New Development Pattern and New Growth Drivers of the Chinese Economy 《中国愿景：中国经济新发展格局与新增长动力》

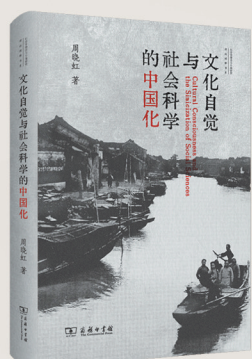

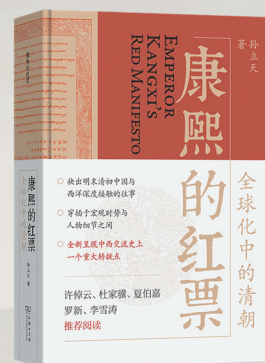

ISBN: 978-7-100-23433-7
Author: Wang Shuguang

This book provides in-depth interpretations of several major strategic issues in China, with a broad perspective and forward-looking viewpoints. It has both theoretical depth and strong readability. It proposes a systematic policy framework for the construction of future new development patterns and the cultivation of new growth drivers.

Kangxi's Red Ticket: The Qing Dynasty in Globalization 《康熙的红票：全球化中的清朝》

ISBN: 978-7-100-23424-5
Author: Sun Litian

This book takes red tickets as the narrative entry point, unraveling the threads and focusing on the interaction between the imperial family of the early Qing Dynasty, especially Emperor Kangxi, and the Beijing missionary group represented by Tang Ruowang and Nan Huaiyuan. It uncovers a story of deep contact between China and the West. Western missionaries who entered China had extensive contact with various social classes in China, ranging from high-ranking officials to commoners. Their interactions were intertwined with cultural collisions and personal grievances, as well as international competition and internal conflicts.

Cultural Consciousness and the Sinicization of Social Sciences 《文化自觉与社会科学的“中国化”》

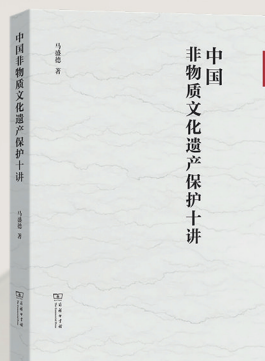

ISBN: 978-7-100-23501-3
Author: Zhou Xiaohong

After the reconstruction of Chinese sociology in 1979, the educated youth sociologists, led by the older generation of scholars such as Fei Xiaotong, devoted themselves to the cause of reform and opening up, faced the problems and challenges encountered in the process of modernization, and made corresponding discourse responses with cultural consciousness, empirical research and theoretical innovation, making this reconstruction a transformation narrative of Chinese path to modernization.

Ten Lectures on the Protection of China's Intangible Cultural Heritage 《中国非物质文化遗产保护十讲》

ISBN: 978-7-100-23884-7
Author: Ma Shengde

This book is the theoretical research result of the author's more than 20 years of practice in the protection of intangible cultural heritage in China. The book provides an academic review and theoretical analysis of the basic concepts, specific practices, existing problems, and related countermeasures of intangible cultural heritage. It comprehensively introduces China's rich and unique intangible cultural heritage resources, deeply elaborates on the Chinese practice of intangible cultural heritage protection, and systematically summarizes the Chinese experience in intangible cultural heritage protection. It is an important work for understanding the development process of intangible cultural heritage protection in China.

Philosophical Reflections and Times Reflection on Artificial Intelligence 《人工智能的哲学思考与时代反思》

ISBN: 978-7-100-24042-0
Author: Edited by Hu Zhiqiang

At present, artificial intelligence is still a mainstream topic in society, and artificial intelligence and related scientific technologies will inevitably receive long-term attention. This book has the function of popularizing science and inspiring ideas, and actively responds to the national policy of "promoting the research and development of artificial intelligence industry technology and standard setting, and promoting the healthy and sustainable development of the industry". It can be used as a popular science textbook in the field of artificial intelligence.
