### Nothingness and Nature: The Spirit of Taoism Philosophy

#### 《虚无与自然：道家哲学的精神》

Author: **Wang Bo**

Publisher: **Peking University Press** (Sep 2024)

ISBN: 978-7-3013-5407-0

Contact: **Wang Yan** wang.yan@pup.cn

This book is the latest work by Professor Wang Bo, a renowned scholar from the Department of Philosophy at Peking University, and the chief expert of The Confucian Canon Project. It highlights the spirit of Taoist philosophy—marked by freedom, tolerance and moderation—while demonstrating its enduring value and influence in today's intellectual community.

### The Underlying Logic of Artificial Intelligence

#### 《人工智能的底层逻辑》

Author: **Zhang Changshui**

Publisher: **Tsinghua University Press** (Oct 2024)

ISBN: 978-7-3026-7488-7

Contact: **Yu Xiaoxuan** yuxx@tup.tsinghua.edu.cn

The book explains the core algorithms and mathematical models that power AI, including search, computer vision, natural language processing, machine learning and multi-modal information processing. It uncovers the fundamental principles behind how AI works, helping readers understand how to equip machines with vision and hearing, enabling them to understand human language, imparting knowledge, reason logically, and ensuring their actions align with human norms. This book provides an overview of AI's foundational technologies and their practical applications.

### China on the Opera Stage

#### 《戏台上的中国》

Author: **Zhang Shishan**

Publisher: **Research Press Co., Ltd.** (Jun 2024)

ISBN: 978-7-5199-1654-1

Contact: **Zhao Mingxia** idealzmx@126.com

This book clarifies the historical development of Chinese drama and describes the former prosperity of Chinese drama throughout urban and rural stages. It introduces the facial makeup, the trade, stylized performances and all kinds of dazzling stunts. The author tells about the organic connection between Chinese drama and life, and the relationship between Chinese drama and literature. The book also discusses the current situation of Chinese drama, and brings up some useful suggestions.

### Low Altitude Economy

#### 《低空经济》

Author: **Luo Jun**

Publisher: **Publishing House of Electronics Industry Co., Ltd.** (Jan 2024)

ISBN: 978-7-1214-8994-5

Contact: **Liao Hanbin** liaohb@phei.com.cn

What exactly is low altitude economy? What is the relationship between low altitude economy and general aviation? Why develop low altitude economy? Why are there no low altitude economies abroad? As a national strategy, the low altitude economy is not a matter of whether or not to develop, but rather of how to better develop it. This book will explore the cutting-edge and difficult issues in the development of low altitude economy, as well as the changes brought to us by the era of low altitude economy.

### Zeng Xiaolian: A Life Rooted in Nature

#### 《自然而然：曾孝濂自传》

Author: **Zeng Xiaolian**

Publisher: **Phoenix Science Press Ltd.** (Jun 2024)

ISBN: 978-7-5713-4519-8

Contact: **Lyn Tang** 822292111@qq.com

This book tells the life story of Zeng Xiaolian, a renowned natural history illustrator, by chronicling his exploratory journey and insights gained in the fields of natural history illustration, stamp design, and ink-and-color ecological painting. The book showcases Zeng Xiaolian's dedication to capturing the essence and charm of nature with precision and artistry, reflecting his commitment to both science and art. Written in a heartfelt and plain style, it provides a multifaceted summary of his artistic career, along with many precious first-hand records.
